

# We Have A Major Crisis ... OUR Young People Are In Danger!

**Joe has Answers for OUR Young Peoples' Future**  
*A few ideas to Motivate and Inspire ...*

**The Greatest Challenge  
of Parenting .....**  
Is that our children are  
constantly changing!

You have been bestowed with the  
gift to **THINK**. The ability to **THINK**  
ideas and the ability to roll ideas  
around in your mind to determine  
if the idea can or cannot be of value  
to You and Your Life!

Before 1940, just 70  
Years ago, there was  
technically no such thing  
as a Teenager!

We must intrigue and invite  
the young people of our  
world to create a vision  
for their life that  
'pulls them towards the future'.

"There is indeed *A Parenting Manual ...*  
and that is each child & teenager.  
If we tune into each  
child & teenager, they will  
teach us what they need, and how  
to guide and parent them!"

The whole idea of 'play'  
as teenagers' experience  
it today is a  
relatively new concept!

The young people of our  
world need our guidance,  
support, care and love—  
now more than ever.  
At any moment your  
"words" and "wisdom"  
can alter their life  
for the better!

**Your Story Is Not Who You Are Today!**  
Your story is meant only for you to  
learn from and to guide you more  
effectively **TODAY**; it's not meant for  
you to hang on to, thus shackling you  
to your past each day!

The greatest gift a  
parent can give their  
child(ren) is the gift  
of a parents' own  
personal development.
